**Tier Five Elementary Grading: Marking Period 4 Elementary Report Cards
(revised 5-22-20)**

In terms of grading and reporting, BASD elementary schools will not assign traditional marks that are meant to assess student performance on content covered in a typical marking period. Students cannot be taught the full content under the current online circumstances. Traditional marks meant for addressing standards delivered during a full marking period would be unjustified compared to the instruction and learning that students are currently experiencing.

The most appropriate grading and reporting solution recognizes the limits of remote/online education and describes student learning more broadly.

Accordingly, on the Marking Period 4 Report Card:

- *Literacy, Math, and Language Development* will receive a “P” for passing.” A “P” will be the overall grade; no individual competencies will be graded. The overall “P” grade in the core subjects is consistent throughout the BASD schools, K-12.
- No marks will be given in: Science, Social Studies, Art, Music, Physical Education, Digital Literacy, Elementary Spanish, Work Habits, Citizenship, Retention Being Considered, Placed in Next Grade, and Retained in Current Grade.
- Daily Attendance, both Absences and Tardies, will receive a “0”
- Teachers will write personal report card comments to each student. These comments will provide appropriate commendation(s) for the student as well as suggestion(s) to better prepare for the 2020-2021 school year.

Please contact your Principal if you have any questions. THANK YOU for your understanding and support during this extraordinary time.
