

K-12 Student and Athletic Accident Insurance Update

A-G Administrators is closely monitoring the spread of novel coronavirus (COVID-19) and is ready to assist our valued customers who have been affected by this recent outbreak. We have been working to benefit our member school districts by enhancing your coverage in the face of this pandemic and wanted to provide you with the below update:

DISTANCE LEARNING

Student activities that would be covered while they are at school (based on your school districts Policy) are now covered at home. This includes extra-curricular activities that students may be participating in remotely.

WORKOUTS

All student athletes receiving recommended workouts from their coaches are covered from the students' remote locations.

TELEMEDICINE

Appointments such as Consultations and Physical Therapy are still happening and our policy has been expanded to include telemedicine.

EXTENSION OF BENEFIT PERIOD

We extended the Benefit Period to be sure that any necessary medical treatment that has been put off because of the lockdown will still be eligible for benefits beyond the standard benefit period if the lockdown is what has caused the delay.
